Noise Pollution♦

Noise Pollution is the major issue of the time. Inappropriate act done in this context is against Islamic teachings. Therefore:

1. It is important to follow the government orders in regards to noisy machines.
2. It is incorrect to blow unnecessary horn or to put horn of high volume and following government directives in this regard is mandatory.
3. It is also incorrect to use excessive high sound emitting equipments and DJ as these are severely harmful for human health and environment.

Putting speakers on high volume in meetings and Mushairas is not correct. Laws related to it should be followed.
